7. Approved the following Resolution Opposing School Start Date Legislation:

WHEREAS, the Winston County Board of Education is aware that members of the Alabama Legislature will consider legislation that would outline school start dates for public schools in the state of Alabama; and

WHEREAS, EACH LOCAL BOARD OF EDUCATION ALREADY IS REQUIRED BY Alabama Code 16-8-30 to set a uniform start date for all schools within its system, thereby recognizing that school calendars are local decisions; and

WHEREAS, unique local decisions take place in over 130 Alabama school systems regarding student achievement, holiday preferences, conflicts with community events, programmatic partnerships with local colleges and universities, and work days for educators to meet with parents; and

WHEREAS, the Winston County Board of Education is the duly elected body foremost charged with making decisions that are in the best interest of its students and student achievement; and

WHEREAS, the Winston County Board of Education and its faculty are held accountable for student achievement not only by the community, but under both state and federal accountability programs; and

WHEREAS, local decisions about school calendar directly impact student performance, student and faculty morale, and community input;

WHEREAS, a statewide school start date would compromise the Winston County School System's academic calendar and force students to lose instructional time prior to standardized testing; and

NOW, THEREFORE, BE IT RESOLVED that the members of the Winston County Board of Education unequivocally oppose statewide legislation on the school calendar and ask all members representing Winston County to vote against any bill which proposed to outline a statewide start date or calendar for Alabama public schools.
